PRINTED CARDS.

Printed cards for publications of the United States Department of Agriculture are prepared by the library of the Department of Agriculture and formerly were also printed and distributed by this library. Since 1906 the printing and distribution has been in the hands of the Library of Congress, which has also reprinted the cards issued by the Department of Agriculture previous to that date. Cards are therefore now in stock at the Library of Congress for all publications of the department for which cards have ever been issued. For full information in regard to these cards see Bulletin 14 of the Card Section of the Library of Congress.

Printed cards for most of the accessions to the library, except serials, may be obtained from the Library of Congress. Card numbers for the accessions from 1902 to 1909 in "Accessions to the Department Library," issued quarterly from 1894 to 1909 by the library in its series of numbered bulletins, are now given in its "Monthly Bulletin"; since 1906 they have been given also in "Monthly Catalogue of United States Public Documents," issued by the Superintendent of Documents. Card numbers so far as available were given in "Catalogue of Publications Relating to Entomology in the Library of the United States Department of Agriculture," being number 55 of the series of bulletins referred to above.

Index cards are prepared by this library and printed by the Library of Congress for the following agricultural periodicals: *Landwirtschaftliche Jahrbücher*, *Die landwirtschaftlichen Versuchsstationen*, and *Annales de la science agronomique*. For full information see Bulletin 9 of the Card Section of the Library of Congress.
